

Sadman Samin

Businessman & Researcher | HSC Candidate, Dhaka College | Dhaka, Bangladesh

sadmansamin78@gmail.com • +8801824-091192 • linkedin.com/in/sadmansamin • github.com/sadmansamin21

EDUCATION

Dhaka College, Dhaka, Bangladesh Higher Secondary Certificate (HSC) · Science Stream	2024 – Present
Comilla Zilla School, Comilla, Bangladesh Secondary School Certificate (SSC) · Science Stream · Distinction PEC & JSC: Distinction	Completed 2024

RESEARCH

Systematic Survey of ML & DL for Natural Disaster Prediction and Early Warning Systems in South Asia Systematic Survey · DOI: 10.2139/ssrn.6786939 Systematic survey of 42 peer-reviewed studies (2020–2025) across floods, cyclones, earthquakes, and landslides; benchmarked ML/DL model performance, audited validation integrity, and mapped operational barriers to early warning deployment in South Asia.	2026
Effects of Rice Husk Ash on Concrete Compressive Strength Systematic Review & Quantitative Meta-Analysis · DOI: 10.5281/zenodo.20241511 Random-effects meta-analysis evaluating RHA as a supplementary cementitious material; quantified effects of curing duration, particle fineness, and replacement ratios (5–10% vs. >15%) on compressive strength across peer-reviewed literature.	2026

PROJECTS

Monolith Labs — Founder - Founded and lead an independent research and infrastructure institute dedicated to open-access public data utilities and socio-economic intelligence frameworks. - Built and deployed a growing portfolio of digital tools, open data engines, and public directory platforms addressing information asymmetry and institutional opacity. - Engineered a suite of highly accessible regional web applications and datasets serving users entirely free of paywalls & registrations.	2025 – Present
--	----------------

CERTIFICATIONS & ACHIEVEMENTS

- Bangladesh Physics Olympiad (BDPhO) · National Finalist — 2023
- Resilient Leadership Strategy · Harvard Business School Online Certified
- Green Industrial Policy · UNITAR / UN CC:e-Learn Certified
- AI Principles & Ethics · Google Cloud Certified
- Fundamentals of Artificial Intelligence · IBM Certified

SKILLS

- Research: Systematic review, random-effects meta-analysis, academic writing, citation management
- Technical: Data scraping, GIS, economic modelling, AI/ML fundamentals, LLM architecture (transformers, attention)
- Business: Strategic planning, entrepreneurship, stakeholder management
- Communication: Fluent in English (written & spoken), public speaking, competitive debate
